"Tall Oaks From Small Acorns Grow"

Many small acorns fell from the tree
That sprang up at Harding High.
Some went astray, but soon tried to see
That others not pass them by.

From day to day each one became strong,
Growing in power and wisdom,
Learning to recognize right and wrong.
Their purpose in this worldly kingdom.

For four long years they worked and played
And some of them grew quite tall.
Some from their purpose too often strayed
And seemed not to grow at all.

But soon, far too soon, the moment arrived
When each began to realize
That nearing the goal for which it strived,
It became a tree of great size.

As tall oaks from small acorns have grown,
So these students likewise grew.
As if for some magic power unknown,
They strived, and were made anew.

Now as the seniors look toward the sky,
They lift their heads up to show
The lesson each learned at Harding High,
"That tall oaks from small acorns grow."

—FREDA MOORE, *Class Poet.*

HISTORY OF THE CLASS OF '39

We, the class of 1939, have come to the greatest day of our school life—our graduation day. And, as we look back over our high school years, we realize that the enjoyable hours spent together in wholesome comradeship are soon to be ended. Our thoughts wander back, through the winding, never-ending paths of Memory Lane.

* * * *

We were charter members of Harding High, and how we did hope that we would be the first graduating class! But fate said, "No!"

In the ninth grade, our class took part in the clubs and societies that were organized. We chose a committee to decide whether or not we would have class pins, and the result was negative. On February 14, the first King and Queen of Hearts were chosen and both were members of our class! In the Spring, we gave an Easter party in the school building with Jim Hunter, class president, acting as Master of Ceremonies. Our first year at Harding closed with the publication of our year book, *THE ACORN*.

* * * *

At the beginning of the tenth grade, we elected officers and all of them were girls. Margaret Kleckley, Hannah Campbell, Gertrude Norman, and Doris Knox. This was the year in which the physical education department was organized. A number of our girls played on the soccer team, and the boys showed a great interest in basketball. Raymond Beaver, who has been on the basketball team for four years, was elected captain. Doris Knox was chosen the outstanding student in the class. The drawing up of a constitution for our student government by a committee of four students, and two faculty advisers, marked the end of that eventful year.

* * * *

Our eleventh year of labor opened with the first election of officers for the Student Council. Margaret Kleckley, vice-president, and Gertrude Norman, secretary, both held their offices for two semesters—a fact which is quite a record. The *High-Lights* staff gave a party at the Kleckley's cabin on the river, and, although there were but few of us on the staff, most of the class managed to get themselves invited. What pull we Juniors must have had. Our junior year ended in a whirlwind with the junior-senior banquet, and the realization that at last our year of seniority was drawing nigh.

* * * *

'39, the year of years. At the very first of school, we began experiencing thrills that can never be known by any but Seniors. And when our rings arrived in October, there was just no use trying to keep us "down". In the Fall the class had a wiener roast that was really fun. Our pictures for the annual were taken and turned out remarkably well—considering the damp weather. Francis Fowler made an excellent president for our Student Council during the first semester. In January, Frank Ramseur was elected president of the Student Council after a close race with Russell Criminger and Francis Fowler. The senior play, given March 24, was a great success. The characters: Russell Criminger, Hannah Campbell, Raymond Beaver, Frances Welsh, Norma Jeanne Gardner, David Conrades, Eloise Abernathy, Doris Knox, Jack Christensen, Frank Ramseur, Dorris Smith, Preston Parker, all turned in fine performances, and made "Call Me Mike" go down in the history of our class. The *ACORN* is a bigger and better book this year than ever before—due to the hard-working editor, Eloise Abernathy and her fine staff. We're proud of our annual. The junior-senior banquet was a joy to attend, and we appreciate it, juniors, more than we can say. The last days of our high school life were crowded with eventful moments. The commencement sermon by Dr. Albert S. Johnson, our senior breakfast and class day, June 1, and the day of all days, June 2—our graduation day.

In parting may we say to the faculty and to the school, "Thanks for everything that you have done to make our school life a present help and a pleasant memory."

MARJORIE DREWES, *Class Historian*.

 as manager of the Hornets here.
 Jie Black with his Boston brouge
 Now plays Rhett Butler, that Southern rouge.
 Howard Byrum, greets at the door
 The customers of his A & P store.
 J. W. Belk at Harding still
 Types for forty against his will.
 Doris Smith and Iris Worley
 Make other peoples' straight hair curly.
 Catherine Rowell on a transport plane
 Is the hostess heroine of a crash in Maine.
 Doris Butler, I think they say
 Is starring in "Bride For a Day."
 Preston Parker, you'll find in State,
 A senator, we all appreciate.
 Marion Cooper, with all her charm,
 We find as Harding's new school marm.
 Raymond Beaver, that black-eyed scamp,
 Just beat *Louis* and is now the champ.
 Billy Hirst, they all tell us,
 Is doing fine, he drives a bus.
 James Parker is a druggist in town
 And with the fairer sex has won much renown.
 Jack Hartman, whom we all knew well,
 Automobiles, is trying to sell.
 As President of a well-known college,
 Russell Criminger employs his knowledge.
 Louise Suther has become a bride
 And is elegantly standing by a lawyer's side.

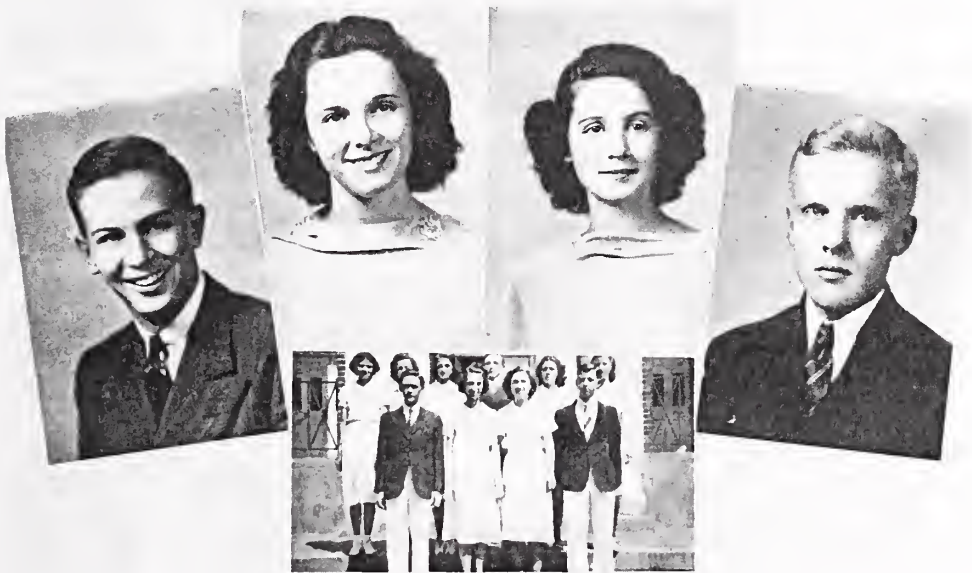

David Conrads has published about nine
 Volumes of his books called "Beyond Einstein."
 J. D. Camp swings from his knees
 And is known as "the man on the flying trapeze."
 Katherine Drummond has become very smart;
 She's famous everywhere for her works of art.
 Helen Jones in New York dwells,
 On Broadway "No-Kink" hair tonic sells.
 Gertrude Norman's at Hancock's still
 It seems as if she always will.
 Carolyn Stone, an English teacher,
 I've heard she soon, will wed a preacher.
 A skilful nurse is Nadine Spurgeon;
 I hear she's engaged to marry the surgeon.
 Catherine Johnson stands within the hall of fame
 An accomplished musician with a celebrated name.
 Frank Ramseur, our former president,
 Now rests in the brigg on the U. S. S. Trent.
 Jack Christensen, let it be said,
 Is putting Norfleet's way ahead.
 Eloise Abernathy, the critics say
 Of all young pianists leads the way.
 Elwood Maness, once called "Dumb-dumb"
 A smart executive has now become.
 William Thompson, the Ford's mechanic,
 With his latest patent creates a panic.
 Robert Tallent of the curly locks
 Is boatman at the New York docks.
 William Walker of rapid speech
 To radio audiences now does preach.
 Mary Messina and Marjorie Brown
 With their hill-billy music can't be found.
 Alberta Campbell in papers we've seen
 Is heading a professional basketball team.
 Clarinda Craig and Edna Plummer
 Take tours to Europe every summer.
 Frances Funderburk of the Irish eyes,
 For the preacher's son now bakes the pies.
 Jacque Funderburk and Evelyn Hooks
 For J. B. Ivey keep the books.
 Norma Jeanne Gardner, Mitchell's dean,
 Insists on saying "cawn't and bean."
 Elizabeth Kendall and Ray Reinhardt
 As Mr. and Mrs. are making a start.
 Marjorie Patterson, as we all know,
 As a worker in missions soon will go.
 Dorothy Rankin at Duke we find
 Where Cecil, her husband, coaches the line.
 Marie Stephenson and Mary Frances Watt
 Run a tea room called "The Melting Pot."
 Carolyn Glenn has ceased to roam
 And is editing a book on *Why Men Leave Home*.
 Margaret Norris, a splendid dietitian,
 Is working without pay in a Spanish Mission.
 Kathleen McClamrock with loving heart and
 helping hand
 Is now a missionary in a foreign land.

FRED GOODWIN, *Class Prophet*.

"The old order changeth" . . . Our pretty director . . . Why the books? . . . Frank takes the oath . . . Save us a bit, Mrs. Roach . . . The Inaugural Address . . . Look at the birdie . . . Work, worry, and what have you . . . Congratulations, Frank! . . . Isn't she a beautiful Queen? . . . Trying to make Helen pretty . . . Fix it straight now, Doris . . . Over-looking the campus.

CHARLOTTE, N. C.

“Let’s Go Modern— It’s Really Cheaper”

The progressive family that today is using electricity for refrigeration, for cooking and for water heating is not only enjoying the manifold advantages of these automatic home services, but they are actually saving more money. They are living better, more comfortably, without the drudgery, labor and worry that attend the old methods—they are actually LIVING BETTER for LESS.

It costs the average family less per day than the cost of a single loaf of bread to cook electrically. Automatic hot water service through an electric automatic water heater is available also to the average family for less than the price of a package of cigarettes per day.

The cost of electric automatic refrigeration to the average family is little more than the cost of a package of chewing gum per day.

Electric refrigeration, electric ranges, electric water heaters—any of these appliances of the makes you are likely to desire may be had on terms to fit your budget. Easy to buy—inexpensive to operate—and yet they bring indescribable comfort and freedom from work and worry.
